## MARKET & SHOWCASE

### INFO

The Come Up Market is Toronto's premier vendor market focused **specifically towards up and coming streetwear/ lifestyle brands**. This market was conceptualized to fill the void in the Toronto scene for new streetwear / lifestyle brands that are being established locally.

What makes this market specifically unique is that each vendor creates, designs and develops their own goods. While appreciative of similar markets such as sneaker conventions and vintage thrifts, This market is specifically for new emerging brands and will **not** contain any resellers of already established streetwear brands such as Supreme, Bape, Ralph Lauren etc...

We look to create a direct to consumer experience where you can interact with your favourite local brands while exploring new ones this market is open to **Streetwear, Lifestyle, Reworked goods Accessories and Artists**.
